Getting Started with SSRS Import Export Wizard!

The SSRS Import Export Wizard will help us manage data migration between environments.

Import Export Main:

The screenshot shows the 'Report Import Export Wizard' window with the 'Export Reports' tab selected. The window has a menu bar with 'Options', 'Settings', and 'Help'. The main area is titled 'Export Reports'. Below this, there is a 'Download Path' section with a 'Browse' button. An 'Authentication' section contains two input fields: 'User Name*' and 'Password*', with a note '*Report server credentials' to the right. Below the authentication fields is a 'Test connection' button. At the bottom right, there is a 'View Reports' button.
